

Artwork Requirements

Before You Get Started

Before you create your artwork, **please carefully review these artwork requirements.** It is critical that you comply in order to achieve the best possible results. By providing high quality files, you will help ensure a sharp and accurate reproduction of your brand.

Use Our Die Lines

Please create your artwork using the **die lines provided in Sales Aids section of LeTourdeSpice.com**, where they can be downloaded. Your design should be built on the YOUR ARTWORK layer. Please include ONLY that layer in your final file. Die lines are to be used as guidelines for your design, but must be deleted from the print-ready artwork file you submit to us for production.

Nutrition Information

Nutrition information must comply with government regulations and be included on Sleeve, PowerPak and Booklet packaging. The location on the package is indicated on our die lines. Le Tour de Spice provides this nutrition chart artwork, but you must enter the package content size and the expiry date (current date + years of shelf life). The Nutrition Information Resource may be **downloaded from the Sales Aids section of LeTourdeSpice.com**. If your spice is not listed, please contact **info@LeTourdeSpice.com** or call **519 897-6758**.

Artwork File Checklist:

- ✓ **The file you submit must be print-ready.**
- ✓ **PDF is preferred. AI, EPS or PSD are acceptable.**
- ✓ **Test must be converted to outliene.**
- ✓ **Artwork must include .125" bleeds as indicated on die lines.**
- ✓ **Photographs should be a minimum of 300ppi and CMYK format.**
- ✓ **Die lines must be deleted from the final artwork file you submit.**

Please don't hesitate to contact us with questions at **info@LeTourdeSpice.com** or call **519 897-6758**.

These artwork requirements must be adhered to. Le Tour de Spice is not responsible for printing issues that are a result of artwork that does not meet the above requirements. Your cooperation is appreciated!.
