

Flavor to Savor!

Dried Citrus Cocktail Garnish

From Holiday Entertaining to Summer Cocktails!

Our dried citrus cocktail garnish is as unique as it is delicious - a gift to be enjoyed and remembered. Dehydrated citrus is not only aesthetically pleasing, but also provides more control. When using fresh garnish in a cocktail, the juice from the fruit slowly dilutes the flavor. In comparison, dried citrus has a consistent, yet more intense flavor, which adds to the experience. Perfect for any time of year!

It couldn't be easier - we just add your logo!
